Dear sir/madam,

I am pleased to write a letter of recommendation for Yasmeen Kamal. I have had the pleasure of knowing her for two years and I highly recommend her for your esteemed school.

As her IGCSE biology teacher, I have had an opportunity to observe her in class. She is a hardworking student who aims to achieve and succeed in every aspect. She does not accept simple facts, she loves to examine, analyse and process in order to come up with her own conclusions. She is a dedicated student who can work independently to achieve the best.

Yasmeen has excellent communication & social skills. She is self-disciplined and very well-mannered. She builds great relationships with her friends. She is social and loveable among her peers.

Yasmeen is so active; she joined the Baptist School Model United Nations and was an active member in the Human Rights Committee. The BSMUN experience gave her awareness and a deeper perspective to what is happening around her, to make the world a better place. She also loves sports and is an influential member in ABS football team and joined many tournaments.

Yasmeen is well-focused; since she wants to pursue her dream in studying Arts, she has spent 3 years learning and practicing Orfali Exhibition Centre. Now, to make use of her time, Yasmeen is a part of another Arts course at Al Busaleh to work on and build her art portfolio further more.

Yasmeen is a great asset to her school; with her maturity, honesty and integrity, I am confident that she will make an excellent addition to your university's community.

I can surely say that Yasmeen is ready for an extraordinary journey as a university student and she will have a positive impact on any university she wishes to join.

Please feel free to contact me if you have any questions regarding her character or academic work.

Sincerely,

Randa Sharaiha
